## Chancellor's Community Forum: **GETTING THE SCHOOL YEAR OFF TO A STRONG START**

Check in with two key parts of a successful school year:

- **Meet the Instructional Superintendents.** This year, all principals and their schools will have the benefit of more attention and guidance from instructional “supes.” Meet them and learn how their work will benefit your child’s school.
- **Meet the Comprehensive School Plan.** Each DC public school must complete one each year. What’s their purpose? How important are they? What do they have to do with your child’s learning? How can they be improved for next year?

**Wednesday, Sept. 29, 2010**

6:30 – 8 p.m.

at **Cleveland Elementary School**
